

# FUNDRAISING MONTH OF JUNE 2024...

HELP SUPPORT THE WORK OF DANIEL'S DEN  
IN YOUR OWN SPECIAL WAY

Guess what time of year it is? It's that epic moment we've all been waiting for! Throughout June, we're calling on all you awesome folks in the Daniel's Den crew to get your creative caps on and brainstorm some seriously fun ways to raise funds and spread the word about our fantastic work!

Think outside the box, people! We're talking bake sales that'll make your taste buds dance, sponsored silences, epic jumble sales where treasures await, or how about sponsoring those daring kiddos to try something wild and new?

But wait, there's more! Mark your calendars because on Saturday, June 22nd, we're hitting the pavement for a half marathon walk, a whopping 13-mile journey passing by all the incredible spots that make up Daniel's Den.

Sure, we love our grants (they're like little financial hugs), but let's be real, they can be a tad...restrictive. That's where community fundraising swoops in to save the day! It's our chance to fill those grant-shaped gaps and give our wider community a chance to pitch in and support a cause they truly believe in!

**So, who's ready to make some  
magic happen?**

# WHY SUPPORT DANIEL'S DEN?

Financially accessible children's activities are very limited. Daniel's Dens goal is that money will never be a barrier for families to access our activities.

*" In a 10 Mile radius search from Wembley Stadium on the most popular childrens activity app, 3% are less that £5 per child to enter "*

## ACTIVE ENGAGEMENT

We actively engage with the community to understand their needs and respond accordingly.

Our Sowing Seeds and Allotment project began after a survey showed that 25% of families didn't have access to a garden or balcony at home.

When we learned that an asylum seeker family was living in a nearby hotel, we organised a series of children's activities for the residents there.

## WE ARE MORE THAN JUST A 'PLAYGROUP'

Our sessions offer families the chance to seek support and connect with local organisations they may not have known about. Our experienced and trained team are skilled at signposting and referring individuals to services that best meet their needs.

Our volunteer program promotes professional development and fosters a sense of community and friendship.

## I ENJOY GOING TO DANIEL'S DEN BECAUSE...

*"My son has started mingling with other children which makes me happy. It is important that we continue to come here because i have seen the improvements in my child"*

*" It gives you a space to have discussions about your child and you get to understand that you are not the only one"*
